The 25 most common mistakes that good pilots make.

75 minutes with an expert who will cover the 25 most common pilot mistakes. These are the mistakes that good pilots continue to make on a regular basis. We will hold an open discussion on the three main reasons they happen and how to prevent them. These mistakes happen on all level from students to airline pilots and are both VFR and IFR. This is a must have class for anyone who wants to be a safer pilot or better instructor.

There is a modest fee for this event to support PilotSafety.org, please refer to <http://www.PilotSafety.org/Webinars.html> for details.

Your speaker, Gary Reeves, is one of only a few Master Instructors in California and is the 2014 Flight Instructor and FAAST Member of the Year for the Long Beach FSDO. As an ATP with over 5000 hours he is a true expert on Night flight.
